I have discussed with Mr. Mrityunjaya Iyer the details of the work done by him till now and the work remaining to be done. He has got ready the figures in respect of all the Districts and the full figures in respect of all except those relating to a few taluks in the Mysore and Kadur Districts. He has been instructed to get these figures also ready soon and meanwhile to take up the compilation and faircopying, in the form suggested by me, of the credits and debits in respect of each institution from the year 1900-01 up to 1920-21. The necessary clerical help has been given to him for the purpose and it is expected that this work will be completed by the 15th October at the latest.

Mr. Mrityunjaya Iyer considers it necessary that he should go to Mysore for a few days to obtain information to reconcile the figures relating to some institutions in that District. He may be permitted to go there and make a stay of not more than five days at the place for the purpose. He may be given travelling and halting allowance at the rate prescribed for Assistant Commissioners, the charge being debited to the Muzrai Budget.

As regards the bonus to be paid to Mr. Mrityunjaya Iyer, it may be decided on the completion of his work and the receipt of his final report, which he has promised to submit before the end of October next.

A note prepared by Mr. Mrityunjaya Iyer ~~which~~ with my marginal remakrs thereon is also herewith attached for the perusal of Government.

Sir,

In continuation of this office letter C. No.226 of 22-23 dated 18th January 1923 regarding the determination of the balances of savings at the credit of several Muzrai Institutions in the State, I have the honor to forward herewith copy of note dated 7th March 1923 submitted by Mr. A. Mrityunjaya Iyer, Special Duty Officer, reporting on the progress of work done up-to-date. Mr. Mrityunjaya Iyer hopes to complete his special work which concerns the period between 1900-01 and 1919-20 including a reconciliation of provincial abstracts by 30th April 1923. The determination of the balances of these institutions for the years subsequent to the period covered by the Special Duty Officer's work, viz., for the years 1920-21 and 1921-22 will be taken up by this office after Mr. Mrityunjaya Iyer completes his work and the balances on 30th June 1920 are accepted as correct by the Comptroller. This work may take about two months after the receipt of the correct balances as on 30th June 1920 in this office.

2. The final statements as compiled by Mr. Mrityunjaya Iyer will

P.T.O.

will be forwarded as soon as they are received in this office in a complete form.

Note dated 7th March 1923, from Mr. A. Mrityunjaya Iyer, M.A., Special Duty Officer:--

---

Progress of Special Duty Work.

The final statements have been compiled in the appended form prescribed by the Muzrai Commissioner.

These statements have been completed for the Districts of:-

1. Bangalore,
2. Shimoga,
3. Chitaldrug,
4. Tumkur,
5. Hassan,
6. Kadur (except Chikmagalur).

The Amildar of Chikmagalur has not yet responded to the repeated calls for the statements of credits from 1900-01 to 1903-4

2. In respect of the Kolar District, the debits (Col. 5 of the statement) have been fully worked out for all the 20 years. While on the credit side, the credits from 1904-05 to 1919-20 have been completely worked out. As regards the credits for the first four years 1900-01 to 1903-04, only one Amildar, Mulbagal, has furnished correct statements; of the others, some have not replied at all, while the statements sent by the others are far wide of the mark.

3. I should have sent accountant Mr. Krishnaswami Rao to Kolar to compile the statements at the several Taluk Head Quarters; but he has been seriously ill for the last 10 days and from what I hear of his illness, he may not be able to return to duty for a fortnigh more.

I shall obtain from him a formal application for such leave as he might require and submit it for orders.

It is too late to take another in the place of Mr. Krishnaswami Rao at this stage. I shall send Krishnaswami Rao himself to Kolar on his return from leave. In the meanwhile the Deputy - Commissioner may kindly be written to again.

4. I have only one clerk, Mr. Jayarama Rao with whose help I am

I am now getting up the final statementsof Mysore District. I expect to complete these by the end of next week.

5. After all the District statements have been completed, it will remain for me to compile the Provincial Abstract on the District totals and draw up the final statements of differences between the Comptroller's ledgers and the statements now worked out in view of the rectification of mistakes noticed so that a correct balance may be adopted with effect from 1st July 1920.

6. As regards the further two years 1920-21 and 1921-22 statements of credits and debits have been received from this office from most of the Amildars on a call from this office. These will have to be compiled and reconciled with the Comptroller's ledgers and the balance brought up to the end of June 1922. The compilations for these two years may well be done by the office and if the work is taken up, I shall, <u>if required</u>, give the officials deputed the necessary instructions and guidance".

Bangalore.

Sir,

With reference to your No.2966/Muz. dated 6th June and in continuation of this office letter No.C.226 of 22-23 dated 2nd April 1923, I have the honor to forward herewith for the information of Government copy of a further note dated 5th June 1923 submitted by Mr. A. Mrityunjaya Iyer, Special Duty Officer, reporting on the progress of Special work relative to the determination of the balances of savings available at the credit of several Muzrai Institutions in the State.

2. In para 1 of Government Order No.1-10/Muz.618-20-2 dated 1st July 1921, the scope of the Special Duty was defined as "to examine the credits and debits of the minor Muzrai Institutions as entered in the accounts of the several taluks and Districts, both in the Muzrai and the Treasury Departments, and in the books of the Comptroller's office from the period on which these accounts were last verified as reviewed in Government Order No.2892-901 dated 19th March 1904 and to fix the balances available at the credit of each individual institution on 30th June 1920, reconciling all differences between the local and the Comptroller's accounts in communication with the Comptroller". The accounts of the Sri Sivaganga and Sri Vyasarayaswami Matts were also to be examined. The total Muzrai balances at the end of each year as found in the Comptroller's books, whether it be the General Ledger or the Muzrai Ledger, had to be taken as

as final in arriving at the details comprising the same. As the special duty has actually proceeded, the work of reconstructing accounts has resulted in a wide divergence between the figures of the Comptroller and those worked out by Mr. Mrityunjaya Iyer. As the latter has shown in his note dated 23rd May 1922 on the financial position of the Sri Sivaganga Matt, not only the Muzrai accounts but the general accounts e.g., Land Revenue of the Comptroller's office have now to be examined and reconciled for verifying wrongly credited or untraced entries. So, in view of the enlarged scope of the enquiry, it is essential to have the Comptroller's acceptance of the balances on 30th June 1920 worked out by Mr. Mrityunjaya Iyer of all institutions including the two Matts (with approval of Government thereto) before these latter balances are brought up-to-date in this office as submitted already in my letter No.C.226 of 22-23 dated 2nd April 1923.

3. Owing to the prolongation of the period of the special duty much beyond what was fixed for it, such important points as (i) the revision of the forms of accounts and of the maintenance of accounts in the Muzrai Commissioner's Office and (ii) the distribution of the allotted amount from Muzrai Cash balances among the several institutions have been long held up, as intimated in my letter No.C.226 of 22-23 dated 18th January 1923. Again the non-specification of the individual institutions contributing either in cash or by Puduvat funds, to the State Loan having occasioned great dissatisfaction, communications of a more or less ad-interim nature were issued to the Comptroller and duly intimated to you (C.No.313/22-23 dated 18th January 1923 and 7th February 1923).

4. From the data furnished in the present note of Mr. Mrityunjaya Iyer, I am not in a position to indicate definitely when the special duty will be over, but he tells me that he expects it to be over by the end of the month. He is now engaged in reconciling figures as stated above, in the Comptroller's Office.

I have the honor to be,
S i r,
Your most obedient servant,
Muzrai Commissioner.

D.N.

Note of Mr. Mrityunjaya Iyer, Special Asst. to C.M.

Dated 5th June 1930

* * *

"I beg to report that I have completed the compilation of the credits and debits of all the Muzrai Institutions from 1906-07 to 1928-29 and worked out the balances at the credit of the individual institutions both Major and Minor - as they ought to stand on 30th June 1929 with the breaks as hereunder:-

(a) Seringapatam ... Debits from 1906-07 to 1908-09,
(b) Yedatore ... -do- -do-
(c) Chikmagalur } Credits from -do- -do-
(d) Kolar - all Taluks }

The breaks are due to the following causes.-

(a) Seringapatam:- The statements compiled and sent to my by the Taluk office are full of mistakes - no attempt having been made even to total up the figures correctly. I brought this to the notice of the Deputy Commissioner when I went to Mysore in February last. He wrote to the Amildar to get the statements re-compiled correctly. I promised to send my accountant Mr. Krishnaswami Rao to help the Taluk clerk, but I have not been able to send the accountant as he has been very sick and on leave for 3 months last. I shall send Mr. Jeyarama Rao now if approved.

(b) Yedatore:- The accounts of the period or reported to be all lost.

(c) The Amildar has not sent the statement of credits in spite of several requisitions since April 1922 and reminders from the Muzrai Commissioner to the Deputy Commissioner. The debits of this Taluk are somewhat complicated too by reason of the Insignia Mutt accounts having become mixed up with the accounts of Muzrai Institutions proper.

(d) The Amildars of some of the Taluks have not sent the statements of credits in spite of requisitions and reminders since April 1922 while the statements sent by the others are far wide of the mark.

3. In regard to the statements of the other Taluks, they are all complete and the only work still to be attended to is to find out institution details of a few items of credits and debits ~~xxxx~~ which for the present have been marked as untraced. These have to be traced from bills and Transfer entry records available in the Comptroller's office. The Taluk Amildars have been written to in respect of some of these items; but no replies have been received. The District Treasury Officer, Shimoga, has also not furnished details for certain payments

payments made in District Treasury about which I wrote to him in August last.

4. As I have brought to notice on more than one occasion the Comptroller has maintained regular ledgers only from 190506, and the accounts of the previous years have now been compiled by me on the basis of the General Ledger supplemented by District Classified Abstracts of Receipts and Disbursements - the latter being again analysed Talukwar on the data afforded by the Lists of payments.

In working out the Talukwar balances on 30th June 1905 on the basis of such statements, the figures arrived at by me differ widely from those adopted by the Comptroller, but I am confident that a further examination of my analysis of the General Ledger with reference to the Transfer entry books and Records of Muzrai Investment with the aid of an experienced accountant of the Comptrller's office will greatly reduce the differences if not clear them out altogether. This work has to be done with the help of the Comptroller's office aided by instructions of the Comptroller himself on complicated points. I have placed the matter before the Comptroller who has kindly agreed to give me every facility and help to arrive at a satisfactory reconciliation of the differences. I have started the work to-day.

I was greatly handicapped for want of complete information about the variations in Ready Money Grants by Transfers, Lapses, Additional grants and fresh grants since 1895 when the Ready Money Inam registers were revised and reprinted in communication with the Inam Superintendent. I had to collect the information with great difficulty from stray notes here and there, I have taken this opportunity to note all the changes in a Register which may be reprinted for future reference, obtaining from the Inam Superintendent correct information about the Title deeds for fresh grants and generally verifying the whole with the records of the Inam Superintendent."
